UPPER DUBLIN SWIMMING & DIVING FOUNDATION

The Upper Dublin Swimming & Diving Foundation (UDSDF) has been an important presence in Upper Dublin since 1997 promoting aquatic recreation, instruction and competitive programs and facilitating the development of aquatics facilities. This effort has been made possible by generous support from community individuals, organizations and businesses. Current and future sponsorship will progress the Foundation's funding activity into the next decade and make the following possible:

- Continue to offer UDSDF Scholarships to graduating swimming & diving participants from Upper Dublin Township, awarded each summer at Upper Dublin Aquatic Club's (UDAC) C.J. Martin Relay Carnival. These include a $1,000 Scholar/Athlete Scholarship and a $1000 Leadership Award.
- Assist Upper Dublin Parks & Recreation and Upper Dublin School District with organization and promotion of learn-to-swim programs at Upper Dublin High School and the Upper Dublin Community Pool in North Hills.
- Coordinate funding assistance to ensure that the appropriate facility equipment is available for aquatic instruction programs, training programs and competition.
- Supplement travel expenses for UDAC athletes that have qualified for high-level USA Swimming competition such as Senior Championships, Sectionals, Zones and Junior Nationals. UDSDF funding will also help to ensure that qualified coaching staff will accompany UDAC athletes traveling to all levels of competition.
- Partner with UDHS Swimming & Diving in fundraising efforts.

Businesses & Organizations
